Wirt County Schools

212º CLUB MEMBERS

The extra degree is a concept shared by Sam Parker and Mac Anderson . The concept is this: At 211º water is hot. At 212º, it boils. And with boiling water, comes steam. And steam can power a locomotive. The one extra degree makes the difference. This simple analogy reflects the definition of excellence. It's the one extra degree of effort in life that can separate the good from the great. The 212º concept is the basis for your recommendation of a teaching or service employee you would like to nominate for recognition.

At the 2nd Board of Education Meeting each month a professional and a service personnel employee will be recognized by the Board Members. Their recognition will be based on the information you have provided below.

NAME:

SCHOOL: PROFESSIONAL ☐ SERVICE ☐ COMMUNITY VOLUNTEER ☐

Please do not write the name of the person you wish to recognize below this line.

---

1. How does the person you are nominating go beyond expectations and achieve results?

2. 212° philosophy explains how enthusiasm explodes from within and shows a passion for giving that extra effort that makes the difference. How does your nominee demonstrate this enthusiasm and passion?

3. Success requires effort. What is the additional effort or action this person takes that makes the difference between good and great?

4. How has this person inspired you to 'turn up the heat' to achieve success?

Submit to the Superintendent by the third Tuesday of each month, all nominations will be reviewed by the club committee.
